Track Descriptions

Digitizing your EHS&S Management System

During the journey from selection to adoption, there are many challenges to overcome. This track will equip you with the insights you need to select, implement and leverage your software system to achieve EHS results.

Leveraging your Software System to Minimize Risk

Are you using your software system to its full potential? Join the conversations in this track to discover how your system can help you flag risks before they become incidents, better manage compliance and improve training outcomes.

Harnessing Innovations to Unlock Breakthrough Results

Technology is poised to transform the EHS profession in ways that will change the role and day-to-day work of the EHS Manager. This track will introduce you to the latest tech trends, describe the opportunities and show you what they mean for your company.

Sponsors & Exhibitors

The Exhibit Hall, located in the Grand Ballroom, is an opportunity for you to meet with software vendors and service providers in a relaxed atmosphere. Please take this chance to compare products and view demonstrations from a variety of different vendors. The Exhibit Hall will be open during breakfast, lunch hours and the evening networking reception. See the General Information (page 2) for the specific times.
